LONG BEACH YACHT CLUB

July 1991

VOL. X, NO. 7

## FROM THE BRIDGE

The general membership approved an expenditure of \$15,000.00 for a swimming pool at a special called meeting, July 2, 1991. This pool is to be financed by the sale of \$100.00 interest bearing bonds. Now that approval has been granted it is time to act in a positive way by purchasing as many bonds as you can afford. The sooner we raise the money the sooner we will have an operational pool at the club. Once the money is in place, construction will begin. It will only take approximately one week to have the pool completed, so please dig deep in your cookie jars and let's make this long sought after project a reality.

We have undertaken numerous cosmetic changes to the club this year. These include stripping and cleaning floors, adding plants, kitchen cleaning, exterior building high pressure wash and too many others to mention. The last remaining major project is the re-staining of the club exterior. This much needed project should be completed within a month. I wish to thank all the club members who time and again have given of their time, money and talent to help improve the overall appearance and operation of our club. Their unselfish dedication is critical to the day to day operation. They are the unsung heroes of L.B.Y.C. Thanks.

Once again I am compelled to address the matter of membership. This

is the one area we are weakest in. I only wish I knew the magic words to say that would motivate the membership to help bring in new members. We are at the cross-roads and have been at this point for some time. We are on the brink of becoming a large club but will never attain this goal if we continue to take a complacent attitude towards recruitment of new members. I challenge each of you to put forth just a little effort and ask some friend to join our club. I know from my own personal experiences, the results will be astonishing. We will grow with leaps and bounds and be able to accomplish good things. Let's break out of the mold and realize our potential.

The July 4th bash was a whopping success. A special thanks to all the members who planned and executed this great party. We hope to make this an annual affair for members, their families and friends. Hope you didn't miss it. The music, food and festivities were fantastic.

A special welcome to our newest board member, Don Evans, who is filling an unexpired vacancy. We all look forward to Don's participation for the rest of the year.

See you at the "LUAU", "Lipton's Regatta", and Walet Regatta".

Thomas E. Barrett  
 Commodore

### LBYC Auxiliary

The LBYC Auxiliary met at Chappy's Restaurant on July 16 with hostesses Ann Kranz, Barbara McCay, and Catherine Woodward. Red, white, and blue streamers with miniature American flags Adorned the tables surrounding the candles and green plants.

After the meal consisting of a choice of seafood, chicken, or steak, the guest speaker arrived (from the kitchen). Chef Chappy gave a brief history of his restaurant. Chappy, born in Mobile, raised in New Orleans and educated at Loyola University and the Culinary Institute of New York serves a blend of English, French and Spanish cuisine. Currently Chappy hosts a TV cooking Show airing each Sunday at 12 noon. There will be 40 shows proceeding his cookbook entitled "Cooking up 90".

Hats off to chef Chappy in opening a wonderful family restaurant excelling in delicious food bringing diners from far and wide to our beautiful city of Long Beach. Chappy is also to be commended for his work with civic organizations to bring more tourists to the Coast.

Door prizes were won by Anita Powell, Stephanie Bass and Opal Happ. Lucky lady was our own Ethel Lawshe. Ethyl immediately donated her share to the auxiliary. Thanks Ethyl. You and Charles are good members of the club and have endeavored so long to make this club a success. Thank you. We have a lot of valuable members who deserve recognition.

Our meeting next month will be at the club with guest speaker Nancy Freeman, Harrison County Extension Agent. Hope to see you all there.

Have a good month.

Barbara Kimball

### Fun on the Sound

For those of you who haven't come down to the club on Sunday to either participate or just observe the Fun on the Sound activities you have missed some really fun times. Of course we are making some mistakes, both on the competitors boats and the

race committee. Fortunately in a fun series there is no serious criticism when a mistake is made. We just joke about it and continue to have fun. We are always looking for crew members and for race committee help. Here is an opportunity for all of you who will be working the Walet Regatta to learn what the race committee has to do to put on a successful regatta. I invite all of you down to the club on Sundays. We have three more races in the Fun series, and then on the 18th of August we will have our trophy presentation in conjunction with the fish fry. We have spared no expense in selecting the trophies for this event and you are all invited to the presentation.

Dick Marx & Craig Nicholls

### House Committee

Our July 4th party was a "whooping" success. We can thank Billy Aborn for his expertise in the meal planning and running of the kitchen, Howard Mays for his culinary skills, and Guy Woodward who does an outstanding job running the bar and working so hard when we have a cash bar on the deck. Helen Walker and Mike Kranz who helped with all the planning and endless tasks to be done, and last but not least Louise Rector for keeping track of and attending to all our rentals of the ballroom, etc plus all her other hard work.

Anna Charlton did a lovely job decorating for the 4th as she has done for every function at the club.

The lazy hot days of summer are here and the pace of the club has slowed down for August, But do come down on Friday nights and enjoy our buffets. We have planned a different menu for each week. Remember the drawing for the \$10.00 chits each Friday night.

The House Committee is working with the Race and Sail Committee in order to make the Walet Regatta a spectacular event in September. Come volunteer and help us.

Kay Barrett & Johnney Odom
