## LONG BEACH YACHT CLUB

January 1992

VOL. XI, NO. 1

### From the Bridge

I am taking this opportunity to thank you for electing me to be your 1992 Commodore. I am looking forward to an exciting new year.

We have started setting our goals for the upcoming year. Some of these goals have been discussed at past meetings of the membership. Such items as the swimming pool, upgrading the parking lot, and docks and piers are just some that come to mind.

We are presently \$1,250.00 short of the \$15,000.00 we need for the swimming pool, and the pool committee feels that we will have that money in hand shortly. To this end bids have been requested from local pool builders for our pool and we will start construction as soon as possible.

We are in the process of obtaining the permits to start building the docks and piers. This project will be one of the top priority items for this year. The financing this project will be one item that we hope to accomplish during this year even if we do not start the actual construction.

Other things that I plan to work on while in office as your Commodore are blacktopping the parking lot around the Club and construct a fence around the club property.

I sincerely hope 1992 will be one of our best years in the history of the Long Beach Yacht Club and I hope we have a good year power boating and sailing.

Thank You,

Howard Kapp  
Commodore

## Membership

Last month we did not have anyone apply for membership in the Long Beach Yacht Club. Maybe the new pool will help increase our membership. As a reminder to everyone, our initiation fee is \$250.00. Regular dues are \$300.00 per year, discounted to \$275.00 if paid before February 15, 1992. Active duty military may join the club without an initiation fee. However their dues will be \$300.00 if paid in January through June, or \$150.00 if paid after June 30th. Dues for junior membership is \$35.00 per year, and again there is no initiation fee for junior members. Membership applications are always available at the bar. Remember that the dues will be pro-rated for the remainder of the calendar year after an applicant is approved.

Don Evans

## Swimming pool

We are so close yet so far away. We only need \$1,250.00 to complete the fund raising for the pool. The committee has approved specifications for the pool and the request for bids has been sent to all the local pool builders. We expect to have the pool in the ground before April 1st, and be ready to open the pool in May.

There are many things that we must accomplish prior to the opening in addition to completing the fund raising. Rules governing use need to be developed, a cleaning schedule and operating schedule needs to be developed, and we need to hire lifeguards. If anyone has any input into the operation of the pool or the development of pool rules please let me know. It is extremely difficult to make a set of rules that meets the needs and desires of our membership.

Dick Marx

## Flag Officers
