FROM THE BRIDGE

JUNE WIGGINS, COMMODORE

Hello fellow Yacht club members. It seems that summer has come. The kids are in the pool and boats are in the water and the hot is here.

The yacht club is looking pretty good thanks to a lot of people in the background taking care of the yard and pool, etc. We purchased two more chaise loungers for the pool area. These were purchased with funds we made from the BUNCO game night. Come use your club. This is why we are here. Please leave the area in as good or better shape than you found it. Come and enjoy the summer sunsets- we have the best view on the coast!

I would like to congratulate our sailors returning from the big sailboat race from Pensacola to Mexico. Tom Stokes was first in his Class and third in Fleet. Well done! A bunch of our folks flew down and celebrated with the sailors and a lot of fun was had by all. This is the kind of camaraderie that you can find only in a friendly Club like ours.

I do have some disturbing news. Someone has stolen one of our 420 boats, along with the trailer, dolly and sails. This is a despicable thing to do. We have implemented some security measures, but everyone needs to be aware.

We are talking with the harbor commission about upcoming changes to the harbor in front of the yacht club. This could be an awesome thing for the Club. As always we are working for the Yacht Club's and the community's best interests. We have one of the best things going. Come and **GET INVOLVED** with your Club. I will see you at the club!!

Friday Night Lights

Donna DePeierne, Michele Daigle, James Head and Sam Fennell were the lucky members whose name were drawn in the Friday night drawing. Had they been at the Club on that night their name was drawn, they would have been awarded a \$250 bar tab. Come early on Friday to the Club and enjoy Happy Hour. Then stay for the drawing to collect your prize. This is all combined with game playing and it sure makes for a pleasant evening.

HOUSE COMMITTEE

JULIE NOBLE

Hello Summer! When it comes, it comes . Hope everyone is enjoying the wonderful warmth. Luckily it was not too warm Friday night May 25th for our Jazz Dinner (with bar-b-que chicken & all the trimmings). We were able to enjoy being out on the deck. The music was great and a huge thank you to Gene Kohrman (sorry, giving it away) and June Wiggins for cooking the chicken and to Chris (June's son) for taking care of the clean up. As always, thank you to our bartender, Linda, for all you do.

I'm sure if you have been down to the club you have noticed how good the grounds are looking. Thank you to June Wiggins for all your hard work pulling weeds, planting, weed-eating, etc. Thank you to everyone else who have mowed and helped keep us looking good.

June is going to be a busy month with Sailing Lessons and our club hosting the 420 Championship Regatta just to name a few. We will especially need help with the regatta, so anyone who would like to give of their time and energy, it would be greatly appreciated. If you would please contact me (228-596-2888) or Holly Murray (228-363-0073).

Please check the calendar for all upcoming events and, as always, we look forward to seeing you at your club.

ENTERTAINMENT COMMITTEE

JUNE WIGGINS

Hi folks. What a great May we had. It went by sooo fast. We have had some great Friday nights. We had Dave's Jazz the last Friday in May out on the deck and it was a wonderful night. A big thanks to Gene Kohrman who pitched in to cook the BBQ chicken.

In June there is a Dive-In" movie night on Saturday, the 16th. Let's not forget the 4th of July coming up. We will have a waterslide for the kids all afternoon and evening. At 6 pm we will have a pot luck dinner and music by Kory. The Yacht club will provide the hot dogs and hamburgers- you bring the sides and desserts. This is always a great time to bring your family to the Club.

World New Flash

Reuters News Agency : Tunisia

The extremist group Al Quida has pervertedly pursued the path of making everybody the same and living in a desert. In America the friends of the spotted owl and the snail darter society have stopped the deforestation of America. However, these extremists have been retrained to kill the grass and trees at the same time. According to the eminent Dr Don Rayner "They are insidiously cutting the phyloem and phloem bleeding the forest to death." The method of destruction has been discovered by logistics expert Dick Urban. "Our normal commodities movement of milk, bread, and honey for the children of America has been usurped by these extremists to transport shovels. Please be vigilant and look for these terrorists who I believe are disguised as plumbers.
